**Huskers coach Luke Acheson feels defence will be one of the keys to the team's success this season.**

# D will set the tone for team

HUSKERS, from page 15

everyone to get on the same page on offence," he said. At D, Acheson will look to team captain and BCFC all-star linebacker Mike Decloedt (30 tackles and three sacks last season) to set the tone. Other key veterans on defence are last year's team defensive MVP Jason Bates at free safety and local boy Levi Weaver at halfback or corner. Important additions at D are Washington recruit (with dual Canadian-US citizenship) linebacker Brad Bomberry and former Chilliwack Giant Cole Herrman, named the Valley Community Football League's D-lineman of the year last season.

Rounding out the top defensive recruits is former W.J. Mouat Hawk Tanner Hamade at corner. While naming key players may be unavoidable, however, Acheson is more concerned with how his team comes together as a unit this Saturday against the Broncos. "If we can gel and start playing for each other and start playing some good football, we can be very good," he said.

The Huskers play their first game of the BCFC season against the Westshore Rebels at Exhibition Park July 31. Kickoff is at 2 p.m. For more information visit [www.chilliwackhuskers.org](http://www.chilliwackhuskers.org).

# ARTHRITIS

**Pain free in 2 weeks!**

This is what happened to me personally. After suffering for years I desperately tried everything, drugs, natural products, physiotherapy, acupuncture, magnets and nothing was of any real help. Finally I had relief in 2 weeks by taking shark cartilage that was specially processed to preserve the natural active ingredients. This is the kind we are now promoting. I realized then that there are over 50 million men and women that are battling the same illness and getting treatments that are not working well, otherwise we would not have this ongoing huge health problem. In the last 10 years we have helped tens of thousands of men and women to have less pain or no pain at all. This is a by-product of the food industry. No sharks are caught because of their bones/cartilage. Don't let anybody confuse you. **Nick A. Jerch, President**

We have real **EVIDENCE** that it works. On our web site you find over 100's of testimonials with full names and towns. All 100% true. Skeptics may call them. Here are some examples: **Doctor suggested knee replacement** after all his options failed with drugs and cortisone shots in knee and lower back. I recommend Bell Shark Cartilage to those millions suffering needlessly like I did for 40 years with arthritis in my knees. It's a shame that I was given drugs and injections all these years when a natural medicine could have spared me the endless torture day and night. *Pat Laughlin, Coldwater, ON* **My hip is 95% pain free.** Pain killing drugs mask and Bell Shark Cartilage heals. *Rebecca Hite, Oroville, CA* **I tried another brand and pain came back.** 2 weeks on Bell and pain is gone again. *Gert Dupuis, Hanmer, ON* **Cancelled knee replacement.** I was in pain and limping. Have no more pain now. Can square dance for hours. *Anton Melnychuk, Porcupine Plain, SK.* **We supply EVIDENCE!**
